

College of Education and Human Development
Academy for Teacher Excellence

March 24, 2008

Dear Upcoming Graduate:

The College of Education and Human Development’s Academy for Teacher Excellence (ATE) at the University of Texas at San Antonio (UTSA) would like to invite you to attend the information sessions and consider applying to the Accelerated Teacher Education Program. The Accelerated Teacher Education Program seeks to prepare and certify teachers in high school and middle school mathematics, science or special education. If you have a degree in mathematics, science (Biology, Chemistry, Biology/Pre-Med), or a human services-related field of study and are interested in teaching, these sessions may be beneficial for you to attend. Through a federally-funded grant, our program will pay up to \$4,000 of your school tuition at UTSA once you are accepted.

Several informational meetings have been scheduled at the UTSA Downtown Campus for the spring and summer. You can refer to the table below for date and location information. Please e-mail your contact information and the date you will be attending to ate@utsa.edu. Feel free to share this letter with friends and relatives who may also have an interest in the program.

Applications will be accepted and reviewed on a monthly basis. The monthly application deadline is the 20th of every month. Once your application has been reviewed your program interview will be scheduled. Those applications not received by the 20th will be held and reviewed the following month.

Thank you for your interest in the Accelerated Teacher Education Program.
